

## **OLALEKAN (WOLE) AKINREMI**

Wole is a partner in the Technology Group at Deeth Williams Wall LLP. Wole's practice covers a variety of technology and privacy law matters, including advising clients on privacy, data security management, software implementation, outsourcing, and licensing agreements. Wole also supports clients in negotiating complex Master Services Agreements and Statements of Work for professional services engagements. In his previous roles, Wole worked in-house as legal counsel for two Fortune 500 insurance companies. Most recently, Wole was legal counsel at a Big Four professional services firm, where he was responsible for drafting and negotiating various commercial contracts, with an emphasis on technology-related agreements. Wole is a Certified Information Privacy Professional/Canada (CIPP/C), and is also a contributor for OneTrust's Data Guidance legal research platform. Wole frequently speaks on technology and privacy law issues.
